LABORATORY PATIENT SERVICE CENTERS

MICHIGAN MEDICINE
UNIVERSITY OF MICHIGAN
LABORATORIES

MLabs Patient Service Centers offer collection of specimens such as blood and urine for laboratory testing. No appointment is necessary, but we recommend to call ahead to confirm current hours of operation and to schedule glucose tolerance testing. Test results are available from your physician or the Michigan Medicine patient portal at **https://www.myuofmhealth.org**.

Appropriate documentation (e.g., drivers license or State ID) is required to ensure accuracy in identification, electronic records and results conveyance to the ordering provider. MLabs also requires a health insurance card for billing.
