Test Update 766

Posted Date 06/09/2021
Effective Date 06/15/2021
Test Name Enterovirus, Molecular Detection, PCR
Update Type Production schedule change
CPT Code 87498

TEST CHANGE

Enterovirus, Molecular Detection, PCR

Order Code: LENT

CPT Code: 87498

Referral Laboratory: Mayo Medical Laboratories

Effective June 15, 2021, Enterovirus, Molecular Detection, PCR**(**LENT) testing will resume for upper respiratory swabs (Nasopharyngeal, nasal, oropharyngeal or throat). However, lower respiratory sources (Bronchial washing, bronchoalveolar lavage, nasopharyngeal aspirate or washing, sputum, pleural fluid or tracheal aspirate) will continue to be unacceptable to prevent inadvertent exposure of SARS-CoV-2, the cause of COVID-19. Testing will remain available for all other acceptable non-respiratory specimen sources per Mayo Medical Laboratories.
