Test Update 958

Posted Date 06/03/2026
Effective Date 07/22/2026
Test Name Vedolizumab Quantitative with Antibodies
Update Type Reference range changed
CPT Code 80280, 82397

TEST CHANGE

Vedolizumab Quantitation with Antibodies, Serum

Order Code:	VEDOZ
Fee Code:	AA695, AA425 (CPT 80280, 82397)
LOINC:	90794-9
Reference Lab:	Mayo VEDOZ

Effective July 22, 2026, Mayo Clinic Laboratories will establish a new lower limit of quantitation for test, VEDOZ, from 2.0 mcg/mL to 1.0 mcg/mL.

The reference value for Vedolizumab antibodies will be updated to:

Antibodies to vedolizumab: <9.8 ng/mL.

Absence of antibodies to vedolizumab is defined as <9.8 ng/mL.

Presence of ATV is reported as positive when concentrations are > or =9.8 ng/mL.
