MLABS – DEPARTMENT OF PATHOLOGY
ATTN: IMPORTANT TEST INFORMATION

NOTICE DATE: June 27, 2018

MLABS IS MOVING!

MLabs with Michigan Medicine’s Anatomic and Clinical Pathology Divisions are relocating to a new state of the art facility!

MLabs our anatomic and many clinical laboratories have begun a phased move to our new facility. The move is carried out in phases and is slated to continue through August 2018. While we are confident that the well planned transition will be smooth, and have minimal impact on service levels & turnaround times, this notice is provided as an invitation to read about our new facility:

http://www.captodayonline.com/one-laboratory-workflow-transformation/

MLabs administrative offices will be moving to the new NCRC facility during the week of July 2, 2018.

Please note our new specimen shipment address:

Department of Pathology & Clinical Laboratories
MLabs N-LNC Specimen Processing
2800 Plymouth Rd Bldg 35
Ann Arbor, MI 48109-2800

Michigan Medicine’s receiving address will remain the same while the move is in process. Your specimens will be directed, as always to the correct laboratory. You may continue to use your current supply of billable stamps and return shipping labels until you receive your new supply from MLabs. Please expect this new supply August 2018.

Microbiology Testing Delays

MLabs Clinical Microbiology Laboratory will be transferring testing to the new facility over a three-week period beginning June 30 through July 21. While we expect minimal impact on our production schedule, the following delays will occur:

There will be no Pneumocystis PCR (PCRPC), Legionella PCR (PCRLG), or Human Papillomavirus (HPVD) testing performed on Friday, June 29.

Gastrointestinal Pathogen Panel (GIPAN) testing will be performed only between the hours of 6:00 am and 4:00 pm during the week of June 30 – July 8.

Please contact MLabs at 800-862-7284 if you have questions regarding the status of testing for a particular patient.
