ATTN: IMPORTANT TEST INFORMATION
TEST UPDATE 625

CHANGE TO AMINO ACID PANELS

Amino Acids, Quantitative, CSF
Order Code: CAA
Fee Code: 23800

Amino Acids, Quantitative, Plasma
Order Code: PAA
Fee Code: 23790

Amino Acids, Quantitative, Urine
Order Code: UAA
Fee Code: 23785

Effective September 25, 2017, the MMGL Biochemical Genetics lab removed the analytes listed below from 3 amino acid panels. This decision was made after review by the Biochemical Genetics lab directors. These analytes were removed due to a lack of clinical utility. Please contact MLabs at 800-862-7284 to consult with a Medical Geneticist if you feel one of these analytes is necessary for the treatment of your patient.

Analytes removed from Amino Acid Panels:
Phosphoserine
Taurine
A-aminoadipic
A-amino-n-butyric
B-aminoisobutyric
Phosphoethanolamine
Aspartic
Threonine
Serine
Asparagine
Glutamic
Glutamine
Glycine
Alanine
Citrulline
Valine
Cystine
Methionine
L-alloisoleucine
Isoleucine
Ethanolamine
1-methylhistidin
3-methylhistidin
Anserine
Carnosine
Leucine
Arginosuccinic
Tyrosine
B-alanine
Phenylalanine
Homocystine
G-aminobutyric
Hydroxylysine
Ornithine
Histidine
Tryptophan
Arginine
Hydroxyproline
Proline

Reported analytes included in the Amino Acid Panels, effective Sept. 25, 2017:

Phosphoethanolamine
Aspartic
Threonine
Serine
Asparagine
Glutamic
Glutamine
Glycine
Alanine
Citrulline
Valine
Cystine
Methionine
L-alloisoleucine
Isoleucine
Leucine
Arginosuccinic
Tyrosine
B-alanine
Phenylalanine
Homocystine
G-aminobutyric
Hydroxylysine
Ornithine
Histidine
Tryptophan
Arginine
Hydroxyproline
Proline
