

Test Update 770

Posted Date 07/28/2021

Effective Date 07/26/2021

Test Name [Immunoglobulin G Index](#)

Update Type [Test Down or Delayed](#)

CPT Code 82784 x2, 82040, 82042

TEST CHANGE

Immunoglobulin G Index

Order Code: GIN

CPT Code: 82784 x2, 82040, 82042

Effective July 26, 2021 MLabs will temporarily change the “Albumin, serum” portion of the Immunoglobulin G Index (GIN) assay from turbidmetric to colorimetric (Bromocresol Green) and the units for reporting will change from mg/dL to g/dL. The other three components to the assay, IgG serum, IgG CSF, and Albumin CSF will remain the same.
