### TEST RESUMED

#### Lithium

Order Code: LITH  
Fee Code: 20745  
LOINC: 14334-7

The MLabs Chemistry Laboratory has resumed performing the Lithium assay effective October 26, 2022. The assay will be performed on the Roche c502 platform using a colorimetric methodology and will be available 24/7. There is no change to the reference range or critical value cutoff levels.
