

## [Test Update 837](#)

**Posted Date** 03/22/2023

**Effective Date** 03/17/2023

**Test Name** [Blastomyces Antibody, Serum](#)

**Update Type** [Test Resumed](#)

### TESTS RESUMED

#### **Blastomyces Antibody, Immunodiffusion, Serum**

Order Code: MBLAS

Fee Code: 20268 (CPT 86612)

Reference Laboratory: Mayo SBL

#### **Blastomyces Antibody, Enzyme Immunoassay, Serum**

Order Code: MBL

Fee Code: AA982 (CPT 86612)

Reference Laboratory: Mayo BLAST

#### **Blastomyces Antibody, Immunodiffusion, CSF**

Order Code: MMLR

CPT Code: 88612

Referral Laboratory: Mayo CBL

Reagent backorder issues have been resolved and Mayo Clinic Laboratories Blastomyces Antibody Immunodiffusion, Serum (test ID SBL) and Blastomyces Antibody Immunodiffusion, CSF (test ID CBL) have resumed effective March 17, 2023.

Mayo test ID SBL is a potential reflex test from Blastomyces Antibody Enzyme Immunoassay (test ID BLAST). Also effective March 17, 2023, Quest Diagnostics Infectious Disease (Mayo test ID FBAL) (order code FBAL) which had replaced SBL for specimens meeting reflex criteria has been inactivated.
