

## [Test Update 876](#)

**Posted Date** 05/08/2024

**Effective Date** 06/04/2024

**Test Name** [Autoimmune Dysautonomia Evaluation, serum](#)

**Update Type** [Test Methodology Changed](#)

**CPT Code** 86255 x7, 83519

### **Dysautonomia, Autoimmune Evaluation, Serum**

Order Code: DYS2

Fee Code: AA355, AA353 (CPT 86255 x7, 83519)

Reference Laboratory: Mayo DYS2

Effective June 4, 2024, the following updates will be made to Mayo Clinic Laboratories Dysautonomia Autoimmune Evaluation panel:

- Test component Dipeptidyl-Peptidase-Like Protein-6 (DPPX) Antibody, Cell Binding Assay, Serum (test ID DPPCS) (CPT 86255) will be added to the panel.
- Test component Dipeptidyl-Peptidase-Like Protein-6 (DPPX) Antibody, Immunofluorescence, Serum (test ID DPPIS) (CPT 86255) will be **removed** from the panel.
- Note that DPPCS will become an always performed panel component instead of a potential reflex test.
