

Test Update 904

Posted Date 04/02/2025

Effective Date 04/01/2025

Test Name [DiGeorge Panel: Reflex to all tiers](#)

Update Type [Miscellaneous](#)

CPT Code 81402

TEST NOT AVAILABLE FOR OUTPATIENT ORDERS

DiGeorge Panel

Order Code: DIGP1

Fee Code: DA082 (CPT 81402)

The DiGeorge Panel is used primarily to inform decisions on whether to give irradiated blood products to an inpatient. To decrease order errors and allow us to appropriately prioritize cases, effective April 1, 2025, this test will no longer be orderable for outpatients.

Chromosomal Microarray Analysis, Germline, Blood (order code GDCMA) is recommended as the first-line genetic test for all children with autism spectrum disorders and other developmental / intellectual disabilities or birth defects.
