Update Type Important Notification

YPSILANTI DRAW SITE LOCATION HAS MOVED

Please note that the Michigan Medicine Ypsilanti Health Center has relocated and expanded its services to continue bringing world-class health care to the community it serves. The U-M Board of Regents approved the expansion of the clinical presence in the Ypsilanti-area communities in 2022, allowing for the health system to repurpose an existing building by entering a lease of space for 15 years. This new site once housed the Eastern Michigan University College of Business.

The Ypsilanti Health Center site and Patient Service Center (blood draw station) opened on Monday, June 2, 2025. The last day of operation for the 200 Arnet St Patient Service Center was Friday, May 30, 2025. Information regarding the new Patient Service Center location is as follows:

Ypsilanti Health Center

300 W. Michigan Ave, Suite 4401

Ypsilanti, MI 48197

Ph: 734-896-4881

Fax: 734-896-4906

Draw Site Hours of Operation:

M, W: 8:00 am – 6:30 pm

Tu, Th, F: 8:00 am – 4:30 pm

Sat: 8:00 am – 12:00 noon

The new facility boasts nearly 50,000 square feet of space on three different levels of a five-floor complex in downtown Ypsilanti. It houses a wide range of adult and pediatric services, including family medicine, geriatrics, urology, behavioral health, cardiology, dermatology, ophthalmology, endocrinology, and women's health, among others.

Through this significant expansion of community presence, the Ypsilanti Health Center will be a part of a broader U-M Health strategy to improve socioeconomic and health equity within the area.

Through collaboration and teamwork with community leaders, U-M Health is actively striving to reduce disparities and address social and other determinants of health in the Ypsilanti area to improve quality of life. Goals around this venture include local hiring, supplier investment, community education, awareness and empowerment.
