Test Update 938

Posted Date 01/14/2026
Effective Date 02/17/2026
Update Type Test Methodology Changed
CPT Code 84238

TEST CHANGE

Soluble Transferrin Receptor

Order Code:	STFR
Fee Code:	36145 (CPT 84238)
LOINC:	30248-9
Reference Lab:	MAYO STFR

Due to a regent discontinuation, Mayo Clinic Laboratories will be moving the Soluble Transferrin Receptor test to a chemiluminescent immunoassay method. The recommended alternative test is sTfR (Soluble Transferrin Receptor), Serum. Test ID STFR1.

Collection Requirements: Collect specimen in an SST tube and centrifuge within 2 hours of collection. If a red top tube is collected, aliquot serum into a plastic vial prior to sending.
