Test Update 943

Posted Date 02/11/2026
Effective Date 02/12/2026
Update Type Test Down or Delayed

DELAYED TAT

On Thursday, February 12, 2026, Michigan Medicine Laboratories Chemistry, Hematology, and Coagulation automation lines will be temporarily unavailable from 8 a.m. until 4 p.m. due to a scheduled software upgrade. STAT testing will be prioritized to support urgent patient care needs. Turnaround times will be longer than normal throughout the upgrade and recovery period.
