

Test Update 958

Posted Date 06/03/2026

Effective Date 07/22/2026

Test Name [Vedolizumab Quantitative with Antibodies](#)

Update Type [Reference range changed](#)

CPT Code 80280, 82397

TEST CHANGE

Vedolizumab Quantitation with Antibodies, Serum

Order Code: VEDOZ

Fee Code: AA695, AA425 (CPT 80280, 82397)

LOINC: 90794-9

Reference Lab: Mayo VEDOZ

Effective July 22, 2026, Mayo Clinic Laboratories will establish a new lower limit of quantitation for test, VEDOZ, from 2.0 mcg/mL to 1.0 mcg/mL.

The reference value for Vedolizumab antibodies will be updated to:

Antibodies to vedolizumab: <9.8 ng/mL.

Absence of antibodies to vedolizumab is defined as <9.8 ng/mL.

Presence of ATV is reported as positive when concentrations are > or =9.8 ng/mL.
